HURRICANE OF FIRE

Forest Flames Doing Great Destruction in Colorado.

SEVERAL MINING CAMPS BURNED

One Life Known to Have Been Lost, but Many Places Have Not Been Heard From—The Property Loss Has Already Reached \$2,000,000, and the Fire is Still Raging.

BOULDER, Colo., Nov. 16.—Fire in a sawmill west of the mining camp of Ward, starting Wednesday night, spread to the timber, and has been doing great damage, and has caused intense excitement here by reason of sensational reports to the effect that the mining camps of Ward and Gold Hill had been burned to the ground, and other camps are threatened. Gold Hill, having a population of 500, is situated 14 miles west of Boulder, and Ward, with a population of 1,000, is five miles further on.

The fire started just west of Ward in the heavily timbered districts, and swept to the east. The inhabitants were alarmed early in the evening, dense clouds of smoke settling down on the camp. The fire spread through the dry pine timber with terrible rapidity, and settlers along its path were forced to leave their homes to burn and to get into the camps.

The fire burning on the outskirts of Ward advanced toward Gold Hill and swept over an area of about eight miles. The fire is spreading toward Copper Rock, and it is believed many small camps will be burned.

Over 300 men are fighting the fire approaching at West Gold Hill, which seems to sweep everything before it in its trend of the mountains and through the valley ranches.

Women and children are continually arriving in this city for protection, and the scene is one of excitement and destruction. Teamsters from Ward, Gold Hill and Sunshine are bringing the panic-stricken people from the burning districts, which include Talcott, Sunset, Copper Rock, Left Hand and Gold Hill.

The residents of Gold Hill who have not come to Boulder have assembled on the top of Horseshoe mountain and are watching the progress of the burning fire. The wind is blowing furiously, and drives the fire before it in large sheets of flames.

The fire is spreading along Left Hand and in the direction of Sunshine. Sunshine is two miles from Gold Hill. Among the important mines at Gold Hill that fears are expressed are the Almackee and Cash Berlin.

Sunset will be wiped out before morning if the wind continues in that direction.

Copper Rock is in imminent danger of being cleaned out and Salina will be served the same fate.

Ward is reported safe, as the fire is playing east and north of the great camp, and unless the wind changes over to the east danger is looked for.

Gold Lake, a fishing place and summer resort, situated about three miles west of Gold Hill, is entirely burned out and nothing is left of the pretty cottages.

The ranch house of Mr. Ely at Left Hand was completely destroyed and Mr. Ely was badly burned about the face and hands. Mr. Seaman, whose ranch was burned, also suffered injuries.

Fred Blier's property, near Sunset, was burned, and Blier was found unconscious in an outbuilding where he had gone to save something. He is seriously burned.

Low Jain, the proprietor of the Ward-Boulder stage line, brought the mail on horseback, because it was impossible to run his coaches through the burning district, which is known as the "Ridge road," between Gold Hill and Ward. He reported that the fire was raging furiously and the wind blowing a gale, and it was then within one mile of the city of Gold Hill.

A courier reports the destruction of about one-half of the property of Camp Talcott and Prussian mine and mill.

The air in this city is heavily laden with smoke. The fire is spreading north and south and the damage will be great to property and timber. One life is reported lost.

The property loss can not at present be told, but it will amount to over \$2,000,000. There will necessarily be great destitution.

FOREST FIRES SOUTH.

Considerable Destruction Done in Arkansas and Tennessee.

MEMPHIS, Nov. 16.—Details from the forest fires come in slowly, and in many of the cases indicate only nominal damage. In some cases outhouses, top crops of cotton and stave piles have suffered, but generally the fighters have been successful in warding off the flames.

Near Hoxie, Ark., crowds of men and boys are fighting the fires day and night and have been successful so far in containing the damages to fences, etc. The general situation in Arkansas is unchanged and no serious losses by the fire are reported.

From Oakland, Tenn., comes the story of the death of three children. Jeff Raynor and wife (colored) were busy in the field when their house caught, and before they could reach home their little ones, aged 8, 5 and 4 respectively perished.

Forest Fires in Illinois.

CARLYLE, Ill., Nov. 16.—The timberlands south and north of Carlyle are being swept by fire. It is feared that several houses have been burned. The air is filled with smoke of burning leaves.

Preparations For the Cleveland Meeting All Completed.

CLEVELAND, Nov. 16.—Yesterday was a lively day among the ladies of the National Woman's Christian Temperance union. What with arrivals, decorating, sorting mail, housing delegates, establishing various headquarters, holding meetings of committee and Music Hall and the Hollenden hotel presented a combination of kaleidoscope and kinetoscope all day long.

The executive committee held a protracted meeting at noon in the Hollenden parlors. Miss Willard presided. The discussion related wholly to the work of the coming convention. The national vice presidents also held a meeting to provide plans for certain work in the convention.

It was announced that Neal Dow would not be present on account of illness. This announcement was a great disappointment, because he was billed for a lecture and was to be a great attraction for the convention.

One of the features of the convention will be the publication by the union of a daily newspaper. The Daily Signal, the organ of the union, will be printed each day during the convention. Miss Frances Willard is editor-in-chief.

There are about 4,000 delegates and visitors in the city and to all of these a reception was given in Music Hall last night.

The Old Men Will Stay Out.

ST. LOUIS, Nov. 16.—The Niedring-house tinplate mill is preparing to resume operations by next Saturday if the necessary help can be secured. If the old employees refuse to return to work under the reduced scale of wages, mill owners will make an effort to get nonunion men to take their places. Two-thirds of the employees are union men. They belong to the Amalgamated association. On Wednesday night they held a big meeting. The nonunion men met with them, and it is said that all decided to hold out for a restoration of the old scale.

Who Is John Hosford?

CHICAGO, Nov. 16.—John Hosford, a Chicago salesman, whose death is reported at Marshalltown, Ill., refused to give the names of his family or friends, and although known to have had money and relatives, will probably be buried in a pauper's grave. He was about 60 years old, and when seized with the fatal illness, systematically disobeyed each one of his physician's orders. He is said to have a wealthy married daughter in St. Louis and a son and divorced wife in Boston.

Frauds Charged.

ST. LOUIS, Nov. 16.—Charges of fraud have been freely circulated by both political parties ever since election day, and an investigation demanded by defeated and successful candidates alike. In charging the grand jury Judge Edmunds called attention to the alleged frauds, and instructed for a searching inquiry. The ballots will be scrutinized, and it is asserted, that several prominent political leaders and their tools will become defendants to criminal indictments.

O'Malley Surrenders.

CHICAGO, Nov. 16.—Ex-State Senator John O'Malley, for whom the police have been searching since the night of the election, surrendered himself Thursday. O'Malley is charged with having wounded a bartender and a cab driver, and was also wanted for alleged complicity in the murder of Gus Colliander, the judge of elections, who was killed while resisting an attempt to steal a ballot box. O'Malley denies that he had anything to do with the ballot box theft.

Chinaman Wins His Suit.

DENVER, Nov. 16.—In the case of Y. E. Fong, the Chinese Chinaman who has been in danger of being deported to China for not being registered under the new law, was decided yesterday by Judge Hallett in Fong's favor. Judge Hallett declares that as Fong registered under the laws of 1893, it is not necessary to reregister under the amended laws of 1893.

Reduction of Miners' Wages.

PENNSYLVANIA, Pa., Nov. 16.—A reduction from 40 to 35 cents for mining coal took effect yesterday at the Rochester and Pittsburgh Coal and Iron company's mines at this place, operated by Bell, Lewis & Yates. The reduction was not unexpected by the miners and is therefore received without open complaint.

Elevator Falls Sixty Feet.

CHICAGO, Nov. 16.—An elevator cable in the wholesale grocery store of Reid, Murdoch & Company, broke and let the elevator fall from the third floor to the basement, a distance of 60 feet. John McGregor and Alexander Blomstrom, who were on the elevator, were fatally injured.

Bank Embezzler on Trial.

DETROIT, Nov. 16.—The trial of Frederick Marvin, ex-cashier of the late Third National bank, on the charges of embezzling and misappropriating the funds of the bank, has begun in the United States court. There are 33 counts in his indictment.

Students Ill From Drinking Impure Water.

LEXINGTON, Ky., Nov. 16.—Twenty students of the Bible college of Kentucky university are seriously ill with typhoid fever, caused by drinking impure water. There have been three deaths within the past week.

Billiard Match Score.

NEW YORK, Nov. 16.—Total score: Ives, 2,400; Schaefer, 1,793. Highest runs: Schaefer, 244; Ives, 177. Average for night: Schaefer, 54 9-13; Ives, 26-7. Grand average: Schaefer, 36 29-40; Ives, 48 48-49.

LABOR COMBINATION

One of the Greatest That Was Ever Proposed.

FIRST STEPS ALREADY TAKEN.

Mr. Howard Speaks at the Convention of the Knights of Labor—A Union of Labor Organizations Advocated Which Meets the Approval of Mr. Sovereign—Mr. Sovereign's Annual Report.

NEW ORLEANS, Nov. 16.—The morning session of the Knights of Labor convention was consumed in listening to an address by Mr. George Howard, vice president of the American Railway association, who had been specially invited to attend the session of the convention.

Mr. Howard presented a proposition for the consolidation of all the laboring organizations of the country into one vast body under a single board of management and with an amalgamation of interests. He believed if such a plan were adopted labor would be benefited and would be in a position the more completely to have its wrongs redressed and the more speedily to obtain its rights.

Grand Master Sovereign also spoke in favor of the plan proposed by Mr. Howard, which he recommended as possessing elements of advantage that it would not be well to overlook.

No business was transacted during the session, but there was a general discussion of views on the proposition of Mr. Howard.

Immediately after the opening of the afternoon session communications were read from Vice President H. C. Robinson of Vicksburg assembly, F. M. E. A., which stated that while the F. M. E. A. were not of the same order, they were in sympathy with the efforts of the Knights of Labor to "liberate labor from thralldom which now overwhelms them."

General Master Workman Sovereign delivered his annual address, which was an exhaustive and elaborate resume of the work of the order from its inception. He attributed the decreased membership of the order to the depression in business circles, prevalent bankruptcy, low wages and forced idleness of laboring classes. He stated that he had traveled 35,464 miles since his stewardship and had organized 11 new assemblies and made 97 public addresses.

He reviewed his action of last January, when he secured the services of Judge C. C. Cole and filed a bill in the district court of the District of Columbia, setting forth special grievances of his order and protesting against the issuance of bonds by the secretary of the United States treasury. He characterized the writ of injunction from the United States circuit court of the eastern district of Wisconsin as a despotic injunction.

Referring to the American Railway union affiliations, he advised a coalition with this, as well as all labor organizations. His resume of the Pullman strike terminated in severe criticism of Major General John M. Schofield and the recommendation of that officer for an increase of the army, together with the action of "Chicago's aristocracy," who were permitted to present a stand of colors to the Fifteenth infantry, was an indication of an "uneasy desire to subjugate labor through the military powers of the nation." He urged that the assembly take strong grounds against an increase of the military force of the nation and that they "advocate a decrease in the regular army and the abolition of the state militia, for from them are coming to the surface the sentiments of a military despotism."

He contended that too much of the order's time was taken up by minor questions and read correspondence of last month between himself and Secretary R. M. Easley of the Civic Federation of Chicago. He also made a sharp criticism of the banking laws. He advised a few minor changes in the preamble of the order.

At the close of the address, the report of the general executive board was printed and referred to the several committees. It was a voluminous affair, but contained much of interest to the delegates. The meeting then adjourned for the day.

All of the committees have organized and got down to business.

THAT NASHVILLE TRAGEDY.

The Assassin Not Dead Yet but is Rapidly Sinking.

NASHVILLE, Nov. 16.—George K. Whitworth, the assassin of Chancellor Allison, is not dead but is sinking rapidly, and there is no hope of his recovery. It is generally accepted that he is a defaulter, and that the financial condition of his office is in a bad shape. The deed of trust he made Tuesday night for the benefit of the sureties on his bond is taken by the public as evidence.

Affairs of the office are in a tangle, and that his failure to obtain a settlement with Allison of the difference between them, by which he may have settled his affairs, prompted him to kill Allison and attempted his own life, seeing that in the near future a full exposure would be made. The amount of the shortage is not stated, but it is intimated that it will be large.

Whitworth has made an ante-mortem statement, presumably as the cause leading to the assassination, but the custodians of the paper refuse to make it public. A successor to Chancellor Allison will be appointed by Governor Turney in a few days.

Six veterans of Waterloo are still living in France, 14 in England and three in the United States.

COOK GANG SEEN.

No Harm Done, but They Were Not Molested in Any Way.

SOUTH MALESTER, I. T., Nov. 16.—Four men, heavily armed, who are believed to be members of the Cook gang, were at Mickie Lee's restaurant at McAlester yesterday. Their actions excited the suspicion of the crowd around the restaurant at the time, but no one seemed to feel called on to question them regarding their identity.

They rode up in the rear of Lee's place of business, dismounted and two of their number went in and got glasses of cider, while the other stood guard at the door. After procuring the cider, they relieved the two at the door, who also drank.

Two of the crowd finally played a game of pool, while the others closely scrutinized everybody from the front door.

After spending about an hour there they mounted their horses and rode away westward.

They indicated by their looks, as well as their horses, that some hard riding had been done.

Considerable excitement was manifested after their departure. It is now believed that they are heading for the Seminole country, where they will join the balance of the gang.

GREAT OVERFLOW OF OIL.

The Two Largest Wells in the World Have Just Come In.

BRADNER, O., Nov. 16.—Kirkbride Brothers of Toledo can claim the two largest oil wells in the world. Their Myers No. 3, which was struck on Saturday last, is doing 100 barrels an hour, and yesterday their Jones No. 2, located four miles east of here, came in good for 300 barrels an hour.

Such a gusher had not been expected and the tankage available was wholly inadequate to take care of the well's output. As a result, the ground around the well, to a depth of four feet, was covered with oil. The well is in territory which has been drilled repeatedly without yielding any more than a 10-barrel well. As a result, the local oil fraternity is greatly excited.

Female Horsechief Imprisoned.

COLUMBUS, O., Nov. 16.—Flora McGrossen, a 17-year-old horsechief of quite attractive appearance, was received at the penitentiary yesterday for one year from Greene county. She was not at all depressed by her new surroundings. At the trial she attempted to implicate James Hanifan, who she claimed had caused her to be in a delicate condition. The horse stealing she claimed was a joint affair for the purpose of elopement. Hanifan is under indictment and denies the charge.

Strange Murder.

CLEVELAND, Nov. 16.—William Gletzer was murdered near Elyria Wednesday night in his barn, and an attempt made to burn the barn after the commission of the deed by the unknown perpetrator. The cause of the murder is unknown. Gletzer was a well-to-do farmer, and the murder has caused great excitement in the community. Charles Goska, 21 years old, the stopper of Gletzer, was arrested in this city last night on suspicion of being the murderer.

Aged Farmer Badly Injured.

COVINGTON, O., Nov. 16.—John Bashore, an aged farmer almost 70 years old, who resides a few miles southwest of this town, while bringing a load of hogs to the slaughterhouse at this place, was thrown under the wheels of his wagon by his team running away. His face on the right side was completely mashed, also his right eye, while he sustained some injuries on the back of his head.

Sandstorm in Oklahoma.

PERRY, O. T., Nov. 16.—Oklahoma, and more especially the Cherokee strip, has been visited by a fierce sandstorm for a week, and today the sand is blinding. The city authorities have ordered fires in the business section of the town to be extinguished. Part of the time one could not see 50 feet.

It Was Only a Dog.

NEWVILLE, O., Nov. 16.—The animal, which has caused such great excitement among the people of this vicinity, and which was declared to be a monster lion, a savage panther and a ferocious wild beast, has at last been brought to bay. It proved to be a big dog.

Falled to Knock Out His Men.

CHICAGO, Nov. 16.—Jim Hall failed last night in his endeavor to put out Henry Baker of Milwaukee and Billy Woods of Denver in four rounds each. Fully 5,000 people assembled at Tattersalls to see these and other exhibitions.

Everybody Got Hurt.

BUENA VISTA, O., Nov. 16.—A drunken fight occurred on Twin creek, near here, in which Perry McGraw was cut in the arm. High Lambert was shot in the thigh, and Joe Cohn had his head badly cut with a rock.

Fatally Gored.

GALLIPOLIS, O., Nov. 16.—George Jenkins was fatally gored by an infuriated heifer. He was tossed fully 20 feet in the air and was frightfully gored in the abdomen. He was trying to feed the animal.

Death of a Priest.

SAN ANTONIO, TEX., Nov. 16.—Right Rev. Bishop John Claudius Merax, bishop of the San Antonio diocese of the Catholic church, died in this city yesterday afternoon. He was 68 years old.

He Blew Out the Gas.

BINGHAMTON, N. Y., Nov. 16.—H. D. Cole of Lansing, Mich., was asphyxiated at the residence of J. M. Kilmer last night. He blew out the gas,

A DIFFERENT STORY

Some War News as Reported From a Chinese Source.

THE JAPS' STORY CONTRADICTED.

Taiwan Has Not Yet Been Captured by the Japanese Troops—Neither Has Port Arthur Been Taken—The Japanese Driven Out of Two Towns That They Had Captured—The Latest Advice.

TIENTSIN, Nov. 16.—Chinese reports received here from Port Arthur say that the Japanese have not yet captured Taiwan. It is stated that two forts there are still holding out against the Japanese, and that in spite of the desperate fighting which has taken place, the assaults of the enemy have been repulsed.

From the same source it is stated that the Japanese are far from Port Arthur, whose defenses have been greatly strengthened, and it is likely that the place will offer a determined resistance to the Japanese.

It is also reported that a portion of General Sung's army has recaptured Kinkow, and that the Japanese have been driven out of Motien on the road to Peking by the Chinese, who afterward pursued them for several miles.

Confirmed to the London Times.

LONDON, Nov. 16.—The Times publishes a dispatch from Tien-Tsin saying that General Nieh reports that he was attacked at Malien-Lung on Nov. 11 by the Japanese troops and that he succeeded in repulsing them. The Chinese general adds that the Japanese made a second attack upon the positions he occupied on Nov. 12, but it appears the Japanese were again repulsed and the Chinese pursued them toward Pung-Hwang which General Nieh expected to reach soon after sending his report.

The similarity between this reported defeat of the Japanese and the defeat they are said to have sustained at Motien, on the road to Peking, would make it appear that the two engagements may be identical.

AFFAIRS IN WASHINGTON.

United States Mediation as Much of a Mystery as Ever.

WASHINGTON, Nov. 16.—The Chinese minister, accompanied by his suite, called on Secretary Gresham yesterday. In view of the pendency for negotiations for United States mediation between China and Japan the call occasioned much comment, although the officials and diplomats said it was without significance.

Ambassador Patenotre of France met the minister in the diplomatic room and had a long and somewhat animated talk with him. There is a growing belief that while Japan has not declined to accept the suggestion of this government to mediate, it has let the fact be known that Japan has not received any direct proposition nor has the latter country offered any indemnity. This, in effect, is a negative answer unless China makes her offer as specific as Japan expects.

SUSPECTS ARRESTED.

They Are Charged With Attempting to Burn Mine Property.

RIDGWAY, Pa., Nov. 16.—Detective Daniel Mcweeney and two assistants have been successful in capturing seven suspected men and they are now in the jail here under from \$2,000 to \$6,500 bail. They are charged with conspiracy to burn and the burning of a tippie at the Paine mines, this county, last June; also with breaking in a window of a miner's house and placing explosives beneath the house of Fritz Sontag, a miner who refused to strike.

The men arrested are Frank Moyer, Ludwig Rosenbeck, Joseph Kreittle, William Goltner, Wassel Swintner, Ed Fox and Leo Wurn. It is claimed they drew lots on June 6 to decide as to who should do the burning, and that on June 10 they did set fire to the tippie. The attempt to blow up the miner's house was frustrated by the fuse going out. The explosives had been packed in a earwheel, and had it exploded it is quite probable that death would have resulted to the inmates.

Prominent Railroad Man Dead.

TACOMA, Nov. 16.—A telegram from Hot Springs, Ark., reports the death there last night of J. M. Buckley, formerly assistant general manager of the Northern Pacific railroad, and one of the best known in the Pacific Northwest. The remains will be brought here for burial. He leaves a wife and three children. The funeral will be conducted by the Masonic fraternity. He was born in Ohio, in 1833, and worked his way up from a sectionhand to assistant general manager. He leaves an estate said to be valued at a quarter of a million dollars.

Mob Did Not Materialize.

LEBANON, Ind., Nov. 16.—The mob which was reported to have left Zionsville and started to this city for the purpose of lynching Joseph Conrad, the murderer of John Martz, a prominent merchant of that place, failed to appear. Conrad was taken to Frankfort and lodged in jail early yesterday morning. Friends of the mob in this city are supposed to have notified them of his departure.

Used a Pocketknife.

BOONVILLE, Ind., Nov. 16.—Jacob Harpole, a single man, aged about 30, tried to commit suicide by running the blade of a pocketknife in his neck near the jugular vein, making a terrible wound, which will prove fatal. Mr. Harpole for several days has been drinking excessively.

EVENING BULLETIN.

DAILY, EXCEPT SUNDAY.

ROSSER & MCCARTHY,
Proprietors

FRIDAY, NOVEMBER 17, 1894.

Fair weather, except snow on the lakes; colder; northwest winds.

Comments of the Press.

Washington News: "McKinley is still pounding himself on the breast and saying, 'This is my victory.'"

Philadelphia Inquirer: "Senator Sherman will discuss the bond question by-and-by, but in the meantime he scores a bull's eye by saying that the terrified Democracy can always be relied upon to do exactly what it shouldn't. *** What's the matter with Hon. John Sherman and Hon. William Napoleon McKinley? The Ohio brethren dwell not in one unified unity when Mr. Sherman hints that McKinley should not indulge in the red man's dance of joy."

Hamilton Democrat: "Senator Sherman is running great danger of offering mortal insult to Mr. McKinley. Our senior Senator gave an Eastern paper his opinion of the recent election landslide. A careful analysis of the same fails to find any reference to the death of the Democratic party or the vindication of McKinleyism."

Demonstrated Their Hypocrisy.

Dover News: "The Democrats of Mason County who went back on their nominees and voted to turn the offices over to the Republicans have nothing to be proud of, except the fact that they demonstrated their hypocrisy and ability to violate their agreement to support the candidates nominated at the primary. These Democratic chickens will surely come home to roost."

SHANNON AND RISING SUN.

Comments of County Superintendent Blatterman on the Schools at the Points Named.

SHANNON SCHOOL, DISTRICT NO. 4.

The trustees of this district are R. T. Watson, Henry Thackston and John Cole. Teacher, E. D. Shelton. The number of scholars in attendance twenty-five; ought to be more. The discipline and government of the school are good. Mr. Shelton is teaching a second year and is much liked by the patrons of the school and the scholars. His classes manifested very satisfactory progress in arithmetic, Barnes' History of the United States, physiology &c., &c. The school is supplied with nice charts and other apparatus. Suitable furniture is needed and will be supplied very soon, as the trustees take much interest in the school. The house is in very good condition. The teacher finds the charis great assistants in imparting instruction.

RISING SUN, DISTRICT NO. 41.

To reach this school house is no easy matter, because you must leave the pike and travel two miles through dirt road, and you must keep a sharp look out or you will miss the school house. At the time of our visit there was a complication and the owner of the land had closed the lane leading to the school so that entrance was impossible. We had to leave horse and buggy in the road and tramp through a briery old field to reach the ancient edifice. This is known throughout these regions as Tom Hill's school. Inquire along the road how to find Rising Sun and you are answered by the shake of the head—but presenting your inquiries the answer comes, "Do you mean Tom Hill's school? Oh, that is two miles distant by Thell's land." Mr. Hill is a very deserving man and teacher and has given satisfaction for many years. The house has a woe-begone look, but the trustees will soon correct this, as they concurred with the Superintendent in the opinion that the house ought to be repaired and it will be very soon. We were most hospitably entertained by Mr. Grant Hill and his estimable wife, who made us feel at home and gave us an excellent dinner. The trustees are Grant R. Hill, David Donovan and J. M. Cracraft.

PUGH'S MAJORITY.

He Received 662 More Votes Than Hon. R. K. Hart.

The Democratic Vote Larger Than It Was Two Years Ago—Heavy Republican Increase.

Secretary of State Headley has received complete official returns from all the counties in this the Ninth Congressional district. These returns were canvassed, and Judge Pugh's plurality over Hon. R. K. Hart, the Democratic nominee, is 662.

John G. Blair, the Populist candidate, received 487 in the district, and R. B. O'Neal, Prohibitionist, received 62. The vote in detail was as follows:

Counties.	Hart.	Pugh.	Blair.
Fleming.....	1,825	1,866	61
Mason.....	2,499	2,855	54
Rowan.....	636	639	9
Carter.....	1,421	1,388	10
Greenup.....	1,322	1,457	6
Robertson.....	477	514	21
Bath.....	1,440	1,439	26
Boyd.....	1,480	1,836	119
Lewis.....	1,233	2,059	119
Harrison.....	1,819	1,277	11
Bracken.....	1,258	1,085	77
Nicholas.....	1,201	891	86
Lawrence.....	1,795	1,812	7
Totals.....	18,396	19,058	487
Pugh's plurality.....			662

In 1892 the Hon. T. H. Paynter received 18,295 votes; J. P. McCartney, Republican, 15,339; R. H. Yantis, Populist, 713; Paynter's plurality, 2,956. These figures show that this year the Democrats gained 101 votes and the Republicans 3,719, while the Populists lost 226 votes.

The election two years ago was a Presidential election. The Republicans made a warm fight in this district, and it was thought they polled their full vote. A study of the figures shows that the Democrats not only held their own this year but actually increased their vote, yet it also shows that the Republicans did still better, polling nearly 4,000 more votes than they did in 1892.

This is a remarkable increase in the vote of the district, and the question arises, is it an honest increase? Part of it may be and unquestionably is, but many people will believe that there must have been some crooked work and that many illegal votes were cast. The BULLETIN understands that some of Mason County's officials have information that seven or eight colored men voted in a certain precinct of this county who also voted in Fleming County. This information comes from a reliable source and the grand jury next week will probably be called upon to investigate the matter. A few repeaters in each of the counties of the district could make a vast difference in the vote.

The BULLETIN doesn't make the charge that there was crooked work done on election day, but the remarkable increase in the Republican vote certainly raises the question.

Judge Thomas, of Vanceburg, kindly favors the BULLETIN with the following as the result in Lewis:

For Congress—Pugh, 2,069; Hart, 1,233; Blair, 119. Pugh's plurality, 876.

For County Judge—Samuel G. Mills (R.) 355 majority.

For County Attorney—W. C. Halbert (R.) 553 majority.

For County Clerk—Thomas A. Mitchell (R.) 768 majority.

For Sheriff—Ed. Williams (R.) 1,229 majority.

For Jailor—George W. Dale (R.) 672 majority.

For Assessor—W. H. Hamrick (R.) 732 majority.

For Surveyor—Allred Harrison (R.) 701 majority.

For Coroner—Dr. W. T. Burdick (R.) 694 majority.

Four Justices and four Constables were elected—all Republicans. Total vote in county, 3,441.

CHURCH TEMPERANCE SOCIETY.

Next Sunday Set Apart by Episcopal Bishops for the Discussion of This Subject.

The following circular letter has been issued by a large number of the Bishops of the Episcopal Church; Bishop Dudley among them. In accordance therewith the services at the Church of the Nativity next Sunday will deal with the subject of Temperance:

TEMPERANCE SUNDAY—TWENTY-SIXTH SUNDAY AFTER TRINITY.

Dear Brethren: The Church Temperance Society asks for the setting apart of Sunday, November 18th (being the 26th Sunday after Trinity), as the day when the great subject of temperance may be presented to our people. It is scarcely needful that we should urge the necessity of plainly dealing with so destructive an evil as intemperance—such a necessity must be obvious to all Christian men.

We therefore cordially second their desire, affectionately requesting the clergy of our several dioceses and jurisdictions to set forth in sermons on the day indicated the duty of all Christian people in helping to restrain the monstrous evil which is working such harm to the bodies and souls of men.

J. WILLIAMS, Bishop of Connecticut and President of C. T. S.

Thanksgiving Entertainment

The spectacular part of the operetta of "Cinderella" which will be given by the pupils of the Cincinnati public schools at Pike's Opera House during Thanksgiving week, promises to excel in beauty and grandeur all former efforts. This entertainment is under the auspices of the Cincinnati Board of Education and the proceeds from it are to be used to purchase clothing for poor children. The cheap rate C. and O. excursion Wednesday, November 28th, will give you an opportunity to witness the grand spectacular production.

LIKE MARBLE, THOUGH ALIVE.

Attacked by Cataplexy While Standing, He Remained in That Attitude.

One of the most remarkable exhibitions of the power and influence of cataplexy, a form of hysteria that contracts the muscles and divests the subject of the sensation of volition, occurred in this city a few days since, in which Thomas Purdy, a laborer, was the subject. In company with several other workmen Purdy was engaged in digging a trench.

He was standing at the top of the trench, with a long handled shovel, removing the gravel which a workman below threw to the top, when with the suddenness of an electric flash the man became transfixed in position, as immovable as a piece of statuary. He was in the act of raising the shovel when attacked. His right hand tightly clutched the shovel handle near its end and the left hand near the middle. His left leg was advanced and slightly bent at the knee, while the blade of the shovel pointed at an inclination of about 30 degrees. His eyes were closed.

Every muscle of the litho and compactly built workman was as taut and rigid as though constructed of iron. One of the workmen who observed his condition got out of the trench and undertook to remove the shovel held by the silent workman. The shovel, though, was clutched with an iron grip, and although he tugged hard he was unable to remove it from the clutches of the possessor. The man's feet were firmly planted on the ground as though nailed, and he stood there as rigid and motionless as a piece of statuary.

Physicians were summoned to the scene, and the marvelous sight was witnessed by hundreds of citizens. Several unsuccessful attempts to remove the shovel from his hands were made, when Police Captain Alaback, assisted by several officers, succeeded in removing it from his grasp, although it seemed that they would surely break off his fingers in so doing. The man's heart beat with the ordinary pulsations, and the lungs were performing their vocation.

After the man had stood in this position for over two hours he was picked up like a piece of marble, placed in the patrol wagon and conveyed to a hospital. He remained in substantially the same condition for two whole days, during which time his bedside was almost constantly surrounded by physicians, who were intensely interested in the case. There were indications that the man was conscious of all his surroundings. Although improved in condition, he has not yet been able to relate his experience.—Dayton (O.) Dispatch.

Selling Ice Four Years Old.

It is stated by Portland ice dealers that this has been the best year for business on the Kennebec since the great season of 1890. One man says that some ice 4 years old has been sold. This is very unusual. Ice that is 4 years old costs more to get out of the houses than it costs to cut it in the first place, for it is the ice that is at the bottom of the house and has been consolidated into a solid mass by the water flowing down from the melting cakes above and freezing these underlying cakes together. To run out a block from this is very difficult, for it is like quarrying stone from the solid ledge. It is a good thing that it can be sold if only for the cost of handling it, because it must be got out of the building somehow. Generally they bore holes in it with an auger, put in a stick of dynamite and blow the ice into fragments, which are then shoveled out.—Portland (Me.) Press.

NOVEMBER NUPTIALS.

Marriage of Mr. John H. Butler and Miss Mary Leonard A'Hearn. Other Weddings.

The marriage of Mr. John H. Butler, of Covington, and Miss Mary Leonard A'Hearn, of East Fourth street, was solemnized at St. Patrick's Church yesterday afternoon at 1 o'clock, Rev. Father Frank Kehoe officiating. The day, with its balmy air and bright sunshine, was an ideal one for such happy events.

Mr. Butler is an engineer on the L. and N. railroad and formerly resided here, where he is well known and has a host of warm friends. He is a genial, clever gentleman and is worthy the most excellent helpmeet he has chosen for life.

The bride is a most estimable young lady, a general favorite with her associates and admired and loved by all her acquaintances.

The happy couple left on the L. and N. for Covington and Louisville, where they will spend a few days, after which they will take rooms at the Neal House, Richmond, Ky., where they will make their home for the present.

The ushers were Messrs. Charles Fitzgerald and Thomas Breen.

Mr. and Mrs. Butler were the recipients of many handsome and useful presents from relatives and friends, who join in wishing them a bright and happy future.

SAUER-GAPER

Mr. William Sauer and Miss Matilda Blanton Gaper, a handsome young couple from Paris, were quietly married last evening at 7 o'clock at the pleasant home of Mr. and Mrs. J. B. Orr, of East Third street. The ceremony was solemnized by Rev. W. O. Cochrane. The bride is a daughter of Mr. John Gaper, formerly a prominent shoe merchant of Paris. The groom is a brother of Mrs. Orr, and is one of Paris' steady and respected young men. There was no objection to the marriage, the young couple simply taking this plan of having the wedding quietly celebrated. Mr. and Mrs. Sauer will remain here as guests of Mr. and Mrs. Orr until to-morrow afternoon, when they will return home.

Miss Bertha V. Redden, daughter of Captain H. L. Redden, was married Monday evening, November 12th, at her home in Cincinnati to Mr. Gillian Life, a prominent young business man of Decatur, Ala. Miss Redden is well known here, her father having, for many years, been prominently identified with the business interests of this section, and being one of the best known of the old river men.

John S. Carpenter, of Germantown, and Miss Ella Smith, of Brooksville, were united in marriage Wednesday afternoon at the home of the bride's parents. Mr. Carpenter is one of Bracken County's well-to-do young farmers, while his bride is said to be an accomplished young lady. She is a daughter of Hon. R. K. Smith, the well-known Brooksville lawyer.

A WEEK or two ago, Elizabeth V. Rosenberger, administratrix of W. T. Rosenberger, filed suit in the Circuit Court at Covington against the Chesapeake and Ohio Railroad Company for \$25,000 for the killing of her husband, a freight conductor who met his death in a collision at Bradford Station, Ky., on February 14, 1893. It now transpires that she has also applied for a pension, claiming that her husband died from injuries received during the late war. This makes a most complicated affair. If her pension goes through her suit is worthless, while if she gains her suit her claim for pension is worthless.

ONLY A PRESENT,

But It Furnished a Striking Object Lesson on the Workings of the Tariff.

A. Taylor is the name of a gentleman who lives in Cincinnati. It is not stated what Mr. T.'s political affiliations are, but one thing is certain, it would be a very difficult matter now to convince him that the tariff is not a tax. THE BULLETIN will let the Enquirer tell the rest of the story. It says:

"The science of financial mathematics reaches perfection with some custom house officers. Last month a friend in Belfast, Ireland, sent Mr. A. Taylor, of this city, a package valued at \$6, containing a suit of woolen underwear and two pairs of stockings. The expressage was paid. A letter from the donor announced the gift, and Mr. Taylor awaited its coming with pleasant expectancy. Finally he received word that he could release the goods from the New York Custom House and have them forwarded to Cincinnati upon payment of \$8.13. A letter of inquiry was at once sent through the United States Express Company, in reply to which the following was received."

We would say that the package is valued at \$6, and the duty is 60 per cent of the value and 49½ per pound weight of wool in the articles:

Value, \$6, at 60 per cent.....\$3.60
Six and a half pounds wool, at 49½..... 3.22
Custom fees and dock..... .81
Brokerage expenses..... 1.00
Total.....\$8.13

"The value the package is sent under from England is £1.3s, or \$6. Therefore there can be no mistake about the value. It comes in under the schedule in the tariff 60 per cent of the value and 49½ cents per pound weight of wool. Therefore there can be no mistake about the correct duty. Unless this package is released at once there will be additional charges of storage to pay, 63 cents for "general order." These charges are not of our making, and the United States customs make no reductions."

"Then it was concluded that, as the sender had paid the expressage to this country, they would have the present returned, but it was found that this would cost \$2.15, and so far the customs officers have the goods. This is under the present tariff law, and Mr. Taylor is trying to figure out how the new law reduces the tariff on wool so as to injure the sheep industry of this country, as is claimed by some political orators."

FILING PAST THE GIER.

Thousands of People View the Remains of the Dead Czar.

ST. PETERSBURG, Nov. 16.—Two religious services for the repose of the soul of Czar Alexander were held in the cathedral of St. Peter and St. Paul yesterday. During the services the general public was not allowed in the building. At other times throughout the day, however, great crowds were in waiting to defile past the bier and take their last look at the face of the dead emperor.

So great was the throng that long lines were formed outside the cathedral, the people waiting patiently for admission into the sacred structure. Both of the religious services were attended by all the members of the imperial family who are in St. Petersburg.

Has Poland Rebelled?

LONDON, Nov. 16.—A dispatch to The Times from Vienna says that the news received there convey the information that General Gourko, governor of Warsaw, who declined to permit a delegation of residents of Warsaw to attend the czar's funeral, has reported to Czar Nicholas that the attitude of the Poles justifies the proclamation of a minor state of siege.

NO NEED OF SHOOTING.

The County Coroner's Verdict in the Washington C. H. Riots.

WASHINGTON C. H., O., Nov. 16.—Coroner Edwards has just rendered his verdict in the case of the shooting of our citizens by the militia, Oct. 17, during the alleged riots.

He places the responsibility for the crime on Sheriff Cook and Colonel A. B. Colt, and finds that at the time of the firing by the soldiers there was no imminent danger of serious destruction of property or of harm to anyone inside the courthouse, or the remotest danger of the prisoner, Dolby, being rescued from the custody of Sheriff Cook. "There is no justification for the firing, and James F. Cook and A. B. Colt should be held responsible for the consequences," says the coroner.

Five Men Horribly Burned.

MUNCIE, Ind., Nov. 16.—Yesterday evening the large mud drum under the boilers at the Muncie muck bar mill burst and five men were drenched with hot mud and scalding water. This stuck to them and cooked their flesh. The victims are John Gainer, Valentine Gibson, John Curtis, Lenny M. Tyler and John Bowers, all over 40 years of age and married men. The flesh on their hands, faces, breast and legs is cooked, and when Gainer's clothes were removed the flesh dropped off in places. He can not recover. The other men are suffering terribly, but will not die. The mill was slightly damaged.

Gubernatorial Contest in Nebraska.

LINCOLN, Neb., Nov. 16.—It is now asserted on good authority that there will be a gubernatorial contest in Nebraska. The Republican state central committee is quoted as follows: "The committee believes it will have no trouble in satisfying the people of the state that gross frauds have been committed and that Majors have been elected. We continue to get information confirming the belief that the votes have been cast to elect Majors."

Scarlet Fever Among Feeble Minded.

PORT WAYNE, Nov. 16.—There are now 10 cases of scarlet fever at the Indiana home for feeble minded children north of this city. There are over 500 inmates at the institution, and nearly all of them have been directly or indirectly exposed to the contagion. A temporary hospital for contagious diseases has been secured for use during the prevalence of the epidemic.

Ohio Vote.

COLUMBUS, O., Nov. 16.—With official returns from 79 counties, newspaper reports from seven others, and estimates from two counties, the Republican state executive committee makes the following estimates of total vote: Republican, 413,855; Democratic, 277,745; Prohibitionist, 49,432; Prohibition, 28,293. Total, 769,340.

Students Elope.

INDIANAPOLIS, Nov. 16.—Robert P. Moore of this city, a student in the University of Illinois at Champaign, and Miss Gertrude H. Bailey, a pretty young lady of Longview, who was a student in the English department of the university, eloped to this city and were married.

Robbed in Chicago.

CHICAGO, Nov. 16.—George Debolt of Stewart, Ia., was robbed of \$1,000 by unknown thieves as he was coming out from the Grand Opera House last night. The thief was so clever in his work that Debolt did not become aware of his loss until he had gone some distance from the theater. He immediately reported the loss to the police, but no trace of the thief has yet been found. Debolt arrived yesterday with a carload of stock, and the money was the proceeds of the sale.

Prize Fight Arranged.

CHICAGO, Nov. 16.—Jimmy Barry of Chicago and Johnnie Connors of Springfield, Ill., have been matched to fight before the Auditorium club of New Orleans Dec. 10, for a purse of \$1,500.

CHAMBERLAIN, S. D., Nov. 16.—Iron Nation, the head chief of the Lower Brule Sioux, died yesterday at his home on the Sioux reservation of pneumonia. Iron Nation was one of the most prominent Indian chiefs of recent years and was 90 years old. For more than 50 years he has been identified with every event of importance connected with the history of the Sioux nation.

World's Pacing Record Broken.

SAN ANTONIO, Tex., Nov. 16.—Joe Patchen, driven by Jack Curry over a half-mile track, broke the world's pacing record. He went half in 1:03, the three-quarters in 1:36 1-2 and the mile in 2:08 flat.

Ohio Man Gets a Position.

WASHINGTON, Nov. 16.—The president has appointed Edward K. Lowry of Ohio second secretary of the United States legation at Peking.

Why He Quit.

One of Milwaukee's big brewers was a law student in Judge Hubbell's office many years ago. Florio Seymour came into the office one day and said to the youth as he sat reading: "Keep at it, my boy. Read and study, study and read—that's the way only to become a lawyer. I read and studied law 17 years before I felt competent to try a case." "Well, that settles it," said the youthful student. "If it took you 17 years to learn the business, Governor Seymour, I'll quit right now before I waste any more time."—New York World.

Breaker Burned.

WILKESBARRE, Pa., Nov. 16.—The large breaker over No. 3 mine of the Delaware and Hudson company at Plymouth, was entirely destroyed by fire yesterday evening. The upsetting of a coal oil lamp caused the conflagration. The breaker has an output of 600 cars a day. Six hundred men are thrown out of work. The loss is \$160,000. It will take 18 months to rebuild the breaker.

Tragedy in a Lodging House.

STOCKTON, Cal., Nov. 16.—Frank Quinn, a well known young man of this city, was shot and killed yesterday in a lodging house by a young woman named Edith Elder. She subsequently shot herself in the right side, but she will recover. The woman confessed that she intended to shoot Quinn because he had wronged her under promise of marriage.

Will Serve a Life Sentence.

FRANKFORT, Ky., Nov. 16.—The case of R. K. Brooks, the Hopkins county murderer, has been affirmed in the court of appeals. Brooks killed B. G. Grant in October, 1893, and the murder caused such indignation that it was necessary to remove him to an adjoining county to avoid mob violence. He will serve a life sentence.

Condition of the Treasury.

WASHINGTON, Nov. 16.—The cash balance in the treasury at the close of business yesterday was \$103,010,178, a loss for the day of \$692,000. The gold reserve was \$81,878,374, which shows a net loss since Wednesday of \$74,458. Since Oct. 31 the cash balance shows a loss of \$9,359,785, and the gold reserve a gain of \$518,319.

Cold Weather Out West.

DENVER, Nov. 16.—Yesterday afternoon the thermometer fell 20 degrees in as many minutes. For one hour there was a sandstorm and now snow is falling. Slight damage was done to trees and small buildings in the city and suburbs. At Cheyenne, Wyo., a severe snowstorm is prevailing with indications of it lasting for some time.

Brakeman's Horrible Fate.

YOUNGSTOWN, O., Nov. 16.—John McCabe, a brakeman on the Pittsburgh and Western, while passing through here at 2 o'clock yesterday morning, fell down between the cars and was mangled to death, the remains being strewn along the track for a half mile. McCabe was single and resided near Cleveland.

THIS GOAT SMOKES.

He Prefers a Clear Havana, but Comes Down to Cigarettes if He Has To.

A billygoat that smokes cigars and cigarettes, just like a man, is in the possession of Charles Reber, at 120 Krauss street, Carondelet. The goat has a 12 year growth of horns and whiskers of about the same age waving gracefully and odorously from his chin. After a hearty feast upon tin, tacks, rags, paper and anything else in sight Billie, as he is called, takes his siesta. Unless a cigar or cigarette is provided the after meal enjoyment is all broken up for Billie, and he bleats continually until provided with a smoke.

No ardent lover of the fragrant weed pulls at a cigar with mere relish than this goat. A complacent smile curls his upper lip when the lighted weed is placed in his mouth, and the right fore foot makes motions toward the whiskers as though to stroke them. But Billie is no ordinary smoker, nor is he unskilled in the habit. He is not only a connoisseur of the best clear Havana goods, but is an adept at fast puffing and graceful manipulation of the weed while in his mouth. The smoke is never puffed out of his mouth. Billie inhales it and blows it out through his nostrils in great clouds. It is related that he attempted to make a smoke ring once, but in puckering up his lips swallowed the cigar, blaze and all. He evidently relished the bite as a dainty morsel, for since that incident he never takes more than one or two puffs at a cigar or cigarette, swallows it down, then blows the smoke out of his nostrils with the ease and grace that would put to shame a two legged cigarette fiend.

It is only of late that Billie has taken to the cigarette habit. It was apparently with much regret that a brother goat in an adjoining yard watched him tackle the papers. He prefers cigars, as a rule, however, but when nothing better is to be had a cigarette is welcome.

Charles Reber, the owner of the goat, notices his growing fondness for cigarettes with much alarm. "With a cigar in his mouth," remarked Mr. Reber, "he looks like the full grown, 12-year-old, 160 pound goat he is, but when he wants to dudu up with a cante little cigarette it spoils his handsome cast of countenance." Mr. Reber is very solicitous for the welfare of his animal and has great expectations that the cigarette crusade now on in the city will be carried into the animal kingdom and save his goat from the grave of a confirmed cigarette fiend.—St. Louis Globe-Democrat.

Torture.

Colonel Poldowicz (of the Russian police)—Has the prisoners confessed? Sergeant Sewise—No, your highness. We have beaten him with our clubs, cut off one of his ears with a sword, burned the soles of his feet with hot iron and tried the thumb screw on him, but he absolutely refuses to confess.

Colonel Poldowicz (sternly)—Then, as a last resort, try the effect of a recitations of the Lord's Prayer.

Nihilist Prisoner (screaming)—Have mercy! I confess, I confess!—London Tit-Bits.

KNOWLEDGE

Brings comfort and improvement and tends to personal enjoyment when rightly used. The many, who live better than others and enjoy life more, with less expenditure, by more promptly adapting the world's best products to the needs of physical being, will attest the value to health of the pure liquid laxative principles embraced in the remedy, Syrup of Figs.

Its excellence is due to its presenting in the form most acceptable and pleasant to the taste, the refreshing and truly beneficial properties of a perfect laxative; effectually cleansing the system, dispelling colds, headaches and fevers and permanently curing constipation. It has given satisfaction to millions and met with the approval of the medical profession, because it acts on the Kidneys, Liver and Bowels without weakening them and it is perfectly free from every objectionable substance.

Syrup of Figs is for sale by all druggists in 50c and \$1 bottles, but it is manufactured by the California Fig Syrup Co. only, whose name is printed on every package, also the name, Syrup of Figs, and being well informed, you will not accept any substitute if offered.
